

TECHNICAL DATA

Vaportronic® 2.0 Refillable, Electronic Wall Cabinet System

VAPORTRONIC® 2.0

This system is made with a strong, lightweight plastic. The white housing offers a modern, versatile style. Battery life has been extended with the switch to 2 AA batteries; batteries last for a minimum of 30 days at the highest setting of 1 minute ON—5 minutes OFF. Also, the fan housing design offers improved dry vapor output.

PURPOSE

The easy-to-use and virtually silent Vaportronic 2.0 is a deodorizing device that utilizes a special non-woven fiber element to release an effective neutralizing dry vapor into the air. Capable of treating from 2,000 ft³ to 10,000 ft³ (each EZ-Disk treats 2,000 ft³). As a battery-operated system, the Vaportronic 2.0's internal fan gently pushes the dry vapor out into the treatment area. Factory setting is OFF. Use adjustable slide switch to choose desired setting. *Setting 1* is one minute ON, 5 minutes OFF. *Setting 2* is one minute ON, 10 minutes OFF. *Setting 3* is one minute ON, 15 minutes OFF. Use *Setting 1* when maximum dry vapor output is required. The Vaportronic 2.0 eliminates the potential for dangerous spills and wet spots on floors, and contains no petroleum distillates, inert ingredients, or ozone-depleting chemicals. Gels and sprays are not used.

DETAILS & USAGE

Durable and lightweight housing. Place in areas with ongoing odor issues for continual deodorization. Refillable EZ-Disks last up to 30 days and are sold separately by the dozen. They are spill-proof, nontoxic, and biodegradable. EZ-Disks are available in several fragrances (see back). Housing may be used free-standing or wall-mounted. Uses 2 AA batteries included with initial purchase. To install EZ-Disks, use supplied Allen wrench to remove bottom screw and open cover. Open protective bag containing the EZ-Disk by tearing at notch. Gently press EZ-Disk down and back into slot(s) to prevent element interference with fan. Install 1-5 EZ-Disks depending on your cubic footage needs. Ensure slide switch is turned ON and adjusted to desired setting. Close cover and reinsert bottom screw using Allen wrench. Do not allow the EZ-Disk to contact surfaces other than housing as contact may damage finished surfaces. Wash hands with soap and water to remove any residue from handling the EZ-Disks. For best results, store EZ-Disks in a cool, dry location and keep away from extreme heat. Dry vapor output will be affected by humidity, airflow, and temperature. Ideal dry vapor release occurs at 50-80°F. Vapor release significantly increases in excess of 90°F. The Vaportronic 2.0 does *not* create moisture or ozone, and will not harm fabric, plants, rubber, adhesives, electrical components, or remove pigment from leather. Vaportek products use natural, essential oils. If an allergic reaction occurs, please discontinue use immediately. Approx. Dimensions: 7"H x 3"W x 3"L. Weight: less than 1 lb. One year limited warranty.

BERRY (#15)

Fragrant, light notes of raspberry, cherry, strawberry, & grape.

FOREST (#25)

Breath in fresh-cut boughs. An earthy medley of pine, cedar, & fir trees.

GREEN APPLE (#07)

A mouthwatering, tart fragrance comprised of a single note of green apple that is both crisp & juicy.

JAPANESE BLOSSOM (#08)

Alluring & delicate cherry blossom notes are enhanced with hints of lily & ylang-ylang, all on a base of sandalwood, cedar, & warm amber.

LAVENDER (#50) ●

Softened with notes of jasmine over a base of clean musk & a hint of smoky wood notes, this scent calms & soothes.

LEMON (#05) ●

A refreshing burst of fresh-cut lemons. An essential in creating clean smelling environments.

LINEN (#95) ●

Bask in the scent of just-washed linens. A base of musk & balsam, blended with jasmine & rose, finishes this soft, floral aroma.

MEADOW (#75)

Airy & light. A blend of leafy green & citrus notes, with hints of green apple, rose, jasmine, & earthy tones.

OCEAN (#80) ●

Invigorate with hints of marine & spice notes, blended with lavender, amber, & musk aromas.

ORCHARD (#20)

Delight in this playful combination of apple, peach, & other fruity essences.

POTPOURRI (#10)

Hints of cinnamon, musk, & bay leaf are added to this botanical bouquet of fruit & floral notes.

SUMMER ORANGE (#04)

We've captured the fragrance of fresh-squeezed oranges. Enjoy notes of mandarin & balsam.

VANILLA (#45) ●

Sweet & warm, this pure vanilla aroma is expanded with musk & soft floral notes.

WINTER (#35)

A crisp fragrance built around spruce & white fur notes, with accents of clove & peppermint.

NEUTRAL ●

A clean, fresh fragrance blend of eucalyptus & pine oils that together create an effective, natural odor neutralizer. Its powerful ingredients are ideal for treating areas with severe malodor. **NOTE:** Neutral is the only odor eliminator listed. All other fragrances are for aromatic ambiance.

SPECIALLY FORMATTED FRAGRANCES

HONEYDEW (#96)

Rain & sweet melon.

FLORAL BLOOM (#97)

Flowers & ripe berries.

WOODLANDS (#98)

Cedar & soft musk.

***Mint (#55) and Citronella (#70) are also available in EZ-Disks.**
