# NATURE FRESH

## TECHNICAL DATA

### ODOR CONTROLLER

#### MAX & MINI

#### PURPOSE

- Easy to use, portable and passive system.
- Mini treats 1,000 ft<sup>3</sup> and Max treats 2,000 ft<sup>3</sup>.
- Relies on gentle air circulation to consistently eliminate odors and freshen the space.
- Self-contained design eliminates potential for dangerous spills and wet spots on surfaces.

#### PLACEMENT

- Use freestanding or with EZ-Clip for permanent installation in discreet areas.
- Twist to open air vents at top and bottom for precise dry vapor output.

#### IMPORTANT INFORMATION

- For best results, store in cool/dry location and keep away from extreme heat.
- Ideal dry vapor release occurs at 50-800°F. Lasts up to 60 days.
- Product does not create moisture or ozone. Safe for fabric, plants, rubber, adhesives, electrical, and leather.
- Product uses essential oils. If an allergic reaction occurs, discontinue use immediately.
- Dimensions: Max 2"W x 5.5"H; Mini 2"W x 3.5"H.
